SKILL : WEB DEVELOPER

RELIGION: MUSLIM

ABOUT ME

Maviya Mujib Attar is a passionate frontend developer specializing in creating intuitive and visually engaging web applications. With a strong foundation in HTML, CSS, and JavaScript, Maviya blends technical expertise with a keen eye for design. Dedicated to continuous learning and improvement, she strives to build solutions that not only meet user needs but also align with Islamic values of integrity and excellence. Outside of coding, Maviya enjoys

LANGUAGES

**Do things at your
own pace. Life's
not a race.**

FUN FACTS

- ✓ I can turn lines of code into sleek, functional websites faster than you can say "debug."
- ✓ When not coding, Maviya loves diving into video games to unwind and find inspiration.
- ✓ I like to play free fire with my friends
